CORRIGENDUM

In the article by F. Mafessoni and M. Lachmann (*Genetics* 201 (4): 1581-1589) entitled "Selective Strolls: Fixation and Extinction in Diploids Are Slower for Weakly Selected Mutations Than for Neutral Ones," Figure 2A and 2B were originally mislabeled: panel A should be on the left and panel B on the right. This has been corrected in the current version of the publication.
