

The Origin of the Khoisan Domestic animals

What do we know

The main domestic species held by Khoisan are:

The Centers of Origin

Arrival in Africa

Types and Varieties

Genetic Data

Interpretations and Future Directions

The Centers of Origin

Arrival in Africa

Cattle

Types and Varieties

Short - Long Horn - Pooled

The Pastoral period of rock painting spanned between 2-5000 BC.

Tassili-n-Ajjer, southern Algeria where

Wadi Tashwinet, Tadrart Acacus, Libyan Sahara

Egypt - 1-2000 BC

Types of cattle in Today's Africa

Genetic Data

MEDNA

Geographic distribution of the zebu lineages

None in Africa

Y-Chromosome

(b)

Africa, Arabian Peninsula, Indian Subcontinent

15 microsatellite loci
(nearly neutral nuclear markers)
