

POSTER

Almeling , Laura	Social aging in Barbary macaques (<i>Macaca sylvanus</i>) – Testing predictions from human social aging theories
Behringer , Verena	Indication of heterochrony in development of bonobos and chimpanzees from age-related changes in one thyroid hormone
Breuer, Thomas	Male displays and aggression towards females in wild western lowland gorillas
Burgunder , Jade	Gastrointestinal parasite infections and Fractal behavior in wild chimpanzees: is there a link between loss in behavioral complexity and parasitic diseases?
Cissewski , Julia	How great apes can do without language
Estienne , Vittoria	Underground honey extraction by chimpanzees honey badgers and elephants
Fichtel , Claudia	Inhibitory control in mouse lemurs
Gault , Colleen	In quest of a non-invasive measurement of responses to acute stressors in wild capuchins
Goffe , Adeelia	Male-female passive meat sharing in Guinea baboons (<i>Papio papio</i>)
Goldner, Colin	Basic Rights for Great Apes- The Great Ape Project
Gutleb , Daria Raffaella	Methodological considerations for faecal DNA genotyping on the example of macaques
Habumuremyi , Sosthene	Is Aggression a Coercive or Courtship Strategy in Wild Mountain Gorillas?
Henke-von der Malsburg , Johanna	Population genetics of the Reddish-Gray Mouse Lemur (<i>Microcebus griseorufus</i>) in Tsimanampetsotsa National Park, Madagascar
Heymann , Eckhard W.	Primate seed dispersal influences plant spatial-genetic population structure – first evidence
Hicks, Cleve	Tool use by <i>Pan troglodytes schweinfurthii</i> is not tied to availability in Northern DR Congo
Hübner , Franziska	Innovation and behavioral flexibility in wild redfronted lemurs (<i>Eulemur rufifrons</i>)
Jaenig, Susann	A Comparison of Sniffing Behaviour in Four Species of Great Apes
Klaus , Annette	Big noses, small parasites- effect of group size on proboscis monkeys' parasites
Knofe , Hagen	Turn taking in chimpanzees and human children
Koomen , Rebecca	Feast or famine: an investigation of scarcity effects in chimpanzees
Kopp , Kathrin Susanne	Orangutans share food with close social partners
Kulik , Lars	A dynamic measure of social relationships
Lehmann, Julia	Social network position and survival in wild Barbary macaques (<i>Macaca sylvanus</i>)
Lembeck , Manuela	Interaction-forms in early infancy: a cross-species comparison of mother-infant interactions in humans, chimpanzees, bonobos and gibbons
Mandl , Isabella	Social organization of the Sahamalaza sportive lemur, <i>Lepilemur sahamalazensis</i> , during the dry season
Massen, Jorg	Early life experience affects social integration of chimpanzees far into adulthood
Müller , Nadine	Comparing social networks before and after experimental deworming in Barbary macaques at Affenberg Salem
Paschek, Nicole	Subtypes of aggression and their relation to anxiety in Barbary macaques
Pflüger , Lena	A COMT haplotype is associated with increased cortisol excretion in male Japanese macaques
Scheumann, Marina	The function of vocal signaling in the mother
Sterck, Lisbeth	The EMO-model
Stocker , Martina	Ravens' stress levels are related to their social integration.
Weiche , Iris	Same, same but different - Gorilla Integrations individualised
Weiss, Brigitte	Causes and consequences of natal dispersal age in male rhesus macaques
Wittkowski , Jennifer	Stress hormones, personality, and cognition in the grey mouse lemur (<i>M. murinus</i>)
