

Program

1. Basic distinctions and notions; theoretical background
Fieldwork, questionnaires, and database
2. Focussed Assertion of Identity: Towards a typology of intensifiers
Intensifiers in Oceanic languages: The value added by typology
3. Descriptive surveys:
Reflexives markers in Oceanic Languages
Reflexive markers across languages
4. Towards a typology of reflexivity
5. Cultural and linguistic concepts of reciprocity and their encoding in languages
6. Reciprocal constructions in Oceanic languages
7. Towards a Typology of Reciprocity
8. Diachronic aspects: sources and developments of reflexive and reciprocal markers
