It does not reproduce the regional and thematic chapters of the print version, but it offers additional information on the listed endangered languages. Via this interface, you can browse through them, using combinations of search criteria and/or zooming in the map below (see **Browsing functionalities**). For more detailed information, please consult the **Languages mapping**, **Contribute your comments** and **FAQ** pages.

For remarks on a specific language, please use the in-built forms ('submit a comment' tab) of the Interactive Atlas. If you wish to suggest an endangered language to be included in the Atlas, please fill in this **form**.

For more general comments, please email atlas\_AT\_unesco.org.
